

## Rules of Participation

### Preamble

The Copernicus Hackathon Programme is part of the European Union Copernicus Start-up Programme, originated to stimulate the generation of new business ideas based on Copernicus data and services.

The Copernicus Hackathon Programme is implemented by Anwendungszentrum GmbH Oberpfaffenhofen (hereinafter "Coordinator") on behalf of the European Commission (hereinafter "EC").

The Copernicus Hackathon Poland is organised by Kapitech (hereinafter "Organiser").

### 1. Objectives

The Copernicus Hackathon Programme pursues the following objectives:

- Increase the number of users of Copernicus data and services
- Stimulate the generation of new business ideas based on Copernicus data and services
- Raising awareness of the opportunities offered by Copernicus data and services
- Train potential users on how to access and use Copernicus data and services
- Support the development of a thriving Copernicus downstream eco-system, by favouring cooperation between multiple stakeholders and maximise the socio-economic benefits of Copernicus

The Copernicus Hackathon Poland furthermore aims at development of the **Key Intelligent Specializations** (<http://www.smart.gov.pl/en>) in Regions on the **East** (Lublin, Lubelskie region), **South** (Krakow, Malopolskie region), **Center** (Warsaw, Mazovia Region), and support the teams in answering the local challenges with the means of the Earth observations data.

### 2. Date and location

The Copernicus Hackathon Poland will take place in three cities in Poland:

- **Lublin** – 8<sup>th</sup> November 2018 at Urząd Marszałkowski Województwa Lubelskiego, ul. Grottgera 4, 20-029 Lublin.
- **Cracow** – 9<sup>th</sup> November at Cracow Technology Park, ul. Podole 60, 30-394 Kraków.
- **Warsaw** – 10<sup>th</sup> November at Brain Embassy, Al. Jerozolimskie 181 B, Warsaw.

The national final will be conducted on **17<sup>th</sup> November 2018 in Warsaw** in Brain Embassy.

Participants are expected to participate also in any pre-event trainings proposed by the Organiser.

The latest version of the detailed event agenda can always be found at [www.copernicus-hackathon.pl](http://www.copernicus-hackathon.pl).

### 3. Who can join?

All Participants to a Copernicus hackathon shall be of legal age (18+) and resident of one of the Copernicus participating countries (EU Member States + Norway and Iceland). Participants shall have skills relevant to software development, including computer programmers, graphic and interface designers, GIS and EO experts, project managers and thematic experts (agriculture, energy, forestry, oil & gas...).

For the hackathon in each city we are targeting a number of maximum 30 participants.

Each team will consist from 2-5 people with different profiles. Such number of participants for each location is optimal to provide good business and technical support for everyone and enough attention to participants during the technical workshops.

### 4. Event logistics and related cost

Participation to the Copernicus Hackathon is **free of charge**. Meals will be provided for the whole duration of the Copernicus Hackathon.

The participants shall bring their own devices with Wi-Fi capability.

The Organiser will provide:

- The credentials for accessing internet resources for the duration of the Copernicus Hackathon
- Access to Copernicus RUS platforms and virtual machines
- Basic supplies: paper boards, markers, pens & pencils etc.

How to get to the location :

Lublin – Urząd Marszałkowski Województwa Lubelskiego w Lublinie

You can reach the Urząd Marszałkowski Województwa Lubelskiego w Lublinie by public transport.

Trolleybus: 151. Final stop: Ogród Saski

Bus: 10, 31, 32. Final stop: Ogród Saski

By taxi to the following address: ul. Grottgera 4, 20-029 Lublin.

Implemented by

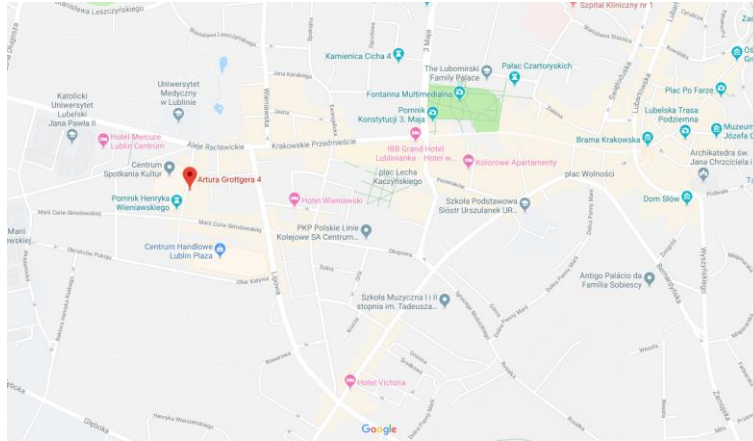

Organised by

Local partners

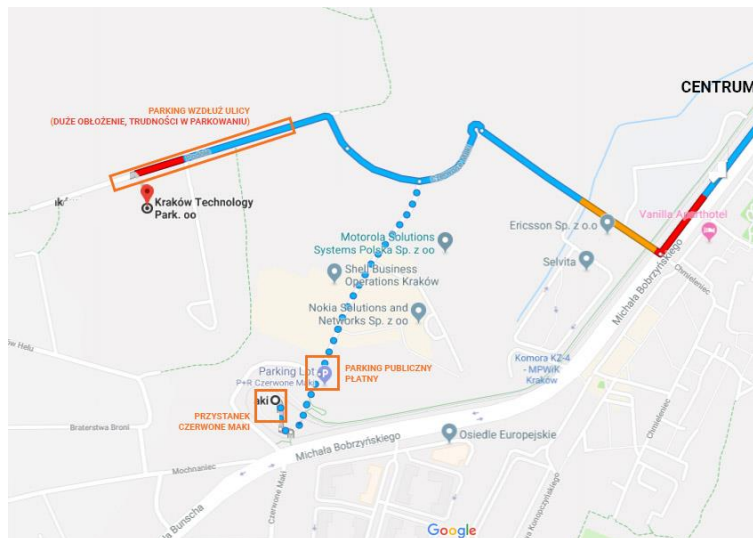

### Cracow - Krakow Technology Park

You can reach the Krakow Technology Park by public transport.

Tramways: 11, 17, 18, 52. Final stop: Czerwone Maki.

By taxi to the following address: ul. Podle 60.

### Warsaw – SpaceHUB Brain Embassy

You can reach the SpaceHUB Brain Embassy by public transport.

Bus: 159. Final stop: CH Blue City 01.

Bus: 127, 158, 159, 172, 178, 187, 191, 517. Final stop: Berestecka 01, 02.

Implemented by

Organised by

Local partners

By taxi to the following address: Al. Jerozolimskie 181B, 02-222 Warsaw.

Parking : There is a car park in the BE area. You should take a parking ticket. Let the organizer know that you came by car. Then the cost of the car park will amount to PLN 2 / hour.

## 5. Registration

Participants are requested to register for the Copernicus Hackathon no later than the day before the Hackathon.

Lublin : **7<sup>th</sup> November 23:59**

Cracow : **8<sup>th</sup> November 23:59**

Warsaw : **9<sup>th</sup> November 23.59**

at <http://copernicus-hackathon.pl/index.php/registration/>.

Participation is limited to 30 participants per location. The Organiser may decide to close the registration before the deadline in case the maximum number of participants is reached.

Participants can register alone or in teams of 2-5 people. Each team should be composed by people with expertise in: GIS/EO, computer development, graph and interface design, marketing, business and thematic expert (agriculture, energy, forestry etc.) and many more. However **GIS/EO expert and IT developer and business person is a must for each team.**

If not already registered as teams, the Organiser will match the Participants before or at the beginning of the Hackathon to ensure that each team is composed of participants with a mix of relevant skills as mention above.

## 6. Challenges

Implemented by

Organised by

Local partners

The full list of challenges is available on the website [www.copernicus-hackathon.pl](http://www.copernicus-hackathon.pl).

## 7. Technical support and training

The Copernicus Hackathon will offer business and technical training before and during the event. For this Organiser will provide the Participants with access to relevant coaching and IT infrastructure (hardware, software, API...) throughout the Hackathon, to facilitate access and use of Copernicus data.

Separate conditions may apply for usage of such coaching and IT infrastructure.

## 8. Expected output

The Copernicus Hackathon shall constitute a coding experience during which Copernicus data is actually accessed and used. The expected output shall thus go beyond mere concept presentations.

## 9. Evaluation

The Organiser will appoint a selection board, to select the best team at the end of the Hackathon. The solutions presented to the selection board will be evaluated based on the following evaluation criteria:

- Relevance to the hackathon topic. Weight: 25%
- Interest of the project (Is the project innovative? Does it create value for the users? Is it feasible technically? Weight: 50%
- Quality of the team (technical and business expertise, understanding of the thematic area, commitment to the project). Weight: 25%

All experts appointed for the evaluation will sign a declaration of secrecy and non-interest with the Organiser.

## 10. Awarding of Prizes

A prize will be given to the best team at the end of the National Final of the Hackathon.

One seat in the [Copernicus Accelerator](#) (a one-year coaching scheme organised by the EC) will be provided for the winning team.

In addition, depending on the Organiser (and local partners), may give additional prizes to the participants.

Each winner is responsible for all federal, state, local, provisional and other taxes.

## 11. Confidentiality & Ownership of the Results

Participants will own the intellectual property rights to all their developments made during the Copernicus Hackathon. Ownership of the teams' output shall be with the teams' Participants, who will jointly own the app concepts / draft developments.

It is up to the respective teams to protect the developments in the relevant legislations, as far as the apps are in a development status allowing such protection.

The Participants need to ensure that the output of their group work will be an app which will be clearly "free-standing", i.e. based on a software programme which is developed "from scratch" by the Participants and does not contain already existing software from third parties. That will ensure that the later commercial use of the app(s) will not encounter any problems in terms of intellectual property rights belonging to a third party.

The Organiser confirms to not disclose any confidential information acquired through the organisation of a Copernicus Hackathon to any third party. The Organiser furthermore ensures that all experts and mentors involved in the Copernicus Hackathon commit to a non-disclosure agreement.

## 12. Data Protection

The Organiser will handle and protect personal data of all Participants within the frame of the Data Protection Law in the EU - General Data Protection Regulation - GDPR. The personal data of all Participants are handled exclusively in a Member State of the European Union or in a Contracting State of the Agreement on the European Economic Area. Any transfer of personal data to a third country is excluded.

The Participant allows the Organiser to transmit their contact details to the EC and the Coordinator to inform them of all matters related to the Copernicus Hackathon Programme and of any other issues the Coordinator and the EC deem relevant and appropriate.

By participating in the Copernicus Hackathon, all participants acknowledge that the EC, the Coordinator and the Organiser may use their names, country of origin, comments, likenesses, photos and videos (incl. photos/videos taken of the participants during the Copernicus Hackathon), and nonconfidential descriptions of their apps developed during the Copernicus Hackathon in publicity or advertising concerning the Copernicus Hackathon or otherwise in any medium now known or hereafter

devised (including the Internet or other interactive networks) at any place and time without further compensation or right of review and agree to waive their rights with respect to any such publicity and advertising.

The obligations related to personal data protection shall continue to be in effect for an unlimited period or as long as prescribed by applicable law.

### 13. User satisfaction

Participants agree to complete a short user satisfaction questionnaire after the Hackathon.

### 14. Miscellaneous

The award decisions shall not be subject to legal challenge. The decisions rendered by the expert appointed by the Organiser shall be final and binding for all Participants of the Copernicus Hackathon. Participants shall have no right to a justification of such decisions.

The European Commission, the Coordinator and the Organiser reserve the right to modify these terms, including any of the deadlines set forth herein, at any time.

Participation in the Copernicus Hackathon shall be governed by the Polish Law. Place of jurisdiction shall be [Warsaw]. This agreement is subject to the laws of Poland. In case of any dispute related to this agreement, the court of jurisdiction is a court of law with jurisdiction over the area the Kapitech registered Office is located.
